PART 1 – Our Agency’s Services

We prepared this Language Access Plan (“Plan”) to comply with Executive Order No. 26, as amended by Executive Order No. 26.1, which established New York’s [Statewide Language Access Policy](#).¹ This Plan explains how we make sure that Limited English Proficient (“LEP”) individuals have meaningful access to agency services, programs, and activities.

In this Plan, LEP individuals are understood as people who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English.

Our agency’s services to the public include:

The New York State Division of Housing and Community Renewal (DHCR) is an executive agency operating under the integrated management and leadership structure of New York State Homes and Community Renewal (HCR). DHCR provides direct services to the public predominantly through three departments that fall within HCR’s Office of Housing Preservation: (1) the Office of Rent Administration; (2) the Section 8 Housing Choice Voucher Program: NYC; and (3) the Office of Integrated Housing Management Bureau (formerly known as the “Housing Management Bureau”). Because the nature of the services provided varies considerably among all three departments, the actions described in this Plan are frequently segregated by department.

The Office of Rent Administration (ORA) administers and enforces rent regulations related to the Rent Control law, the Rent Stabilization law, and the Emergency Tenant Protection Act. These laws protect regulated tenants in privately-owned buildings from illegal rent increases. Through DHCR’s borough and district rent offices, ORA staff provides information and assistance to individuals and families residing in rent controlled and rent stabilized apartments. Both residents of rent regulated apartments and the public at large may contact ORA through DHCR’s “Rent Info Line.”

DHCR’s Section 8 Housing Choice Voucher Program (HCVP) provides rental assistance and a home ownership option to extremely low, very low and low-income households in New York City. Persons assisted by HCVP include senior citizens and disabled persons on fixed incomes, displaced families, and homeless individuals with disabilities. Eligible applicants receive Housing Choice Vouchers, which subsidize their rental or purchase of decent, safe and sanitary

housing in the private housing market. Tenants receiving HCVP assistance must periodically demonstrate their continued eligibility for the rent subsidies to DHCR. Contact between HCVP staff and the public at large is also facilitated via a designated phone line reserved exclusively for the program.

Under the Office of Integrated Housing Management Bureau (OIHMB), DHCR supervises 189 privately owned, moderate-income housing developments containing approximately 80,390 apartments in the Mitchell-Lama program, and 42 public housing projects, with approximately 14,479 apartments. The OIHMB monitors the owners’ compliance with the relevant statutory and regulatory requirements and enforces the law requiring that residents qualify for state-supported housing accommodations. OIHMB may act as an intermediary between owners and residents, assisting parties in meetings where necessary. The OIHMB has a hotline available for Mitchell-Lama and public housing residents, as well as a Mitchell-Lama Online Complaint Form.

PART 2 – The Limited English Proficient Population in Our Service Area

Our agency uses U.S. Census data (including data from the American Community Survey) to determine the top ten languages most commonly spoken by LEP individuals in New York State.

The estimated total number of LEP individuals in our service area is: Approximately 2.5 million LEP individuals in New York State.

The top ten languages spoken by LEP individuals in New York State are:

#	Language	Estimated Number of LEP Speakers
1	Spanish	1,201,322
2	Chinese	379,745
3	Russian	119,380
4	Yiddish	64,070
5	Bengali	64,020
6	Korean	55,506
7	Haitian Creole	54,746
8	Italian	46,431
9	Arabic	40,781
10	Polish	34,840

Our agency will reassess the public’s language needs at least every two years after the effective date of this Plan.

Our agency tracks encounters with LEP individuals in the following ways:

The frequency of DHCR’s contacts with LEP individuals is directly related to each program’s interaction with the public. ORA uses stat sheets provided by its vendors. In addition, ORA’s administrative hearing files must include a record of an individual’s language assistance needs. HCVP maintains a record of each client’s LEP language assistance needs in their case file. OIHMB maintains records of any language assistance services provided in its “Complaint Hotline Log.”

PART 3 – Public Outreach About the Availability of Language Access Services

Our agency informs LEP individuals about their right to free language assistance services in the following ways, using at least the top ten languages shown in Part 2 of this Plan:

- LEP individuals are directly informed by our staff

In which ways? Each of the relevant program areas employs some staff who are fluent in at least one of the top ten languages noted above. If they are available, these staff members may be called upon to inform an LEP client of their right to language assistance services. “I Speak” posters are displayed in public areas of agency offices. These posters contain information regarding the availability of free language assistance in many languages, including the top ten non-English languages spoken in New York State. The “I Speak” posters contain the following statement in at least the top ten non-English languages as well as other languages: “Point to your language. An interpreter will be called. The interpreter is provided at no cost to you.”

- Signs posted about language assistance services
 - In areas operated by the agency and open to the public
 - Other (describe)

Information is published on our agency’s website in at least the top six languages spoken by LEP individuals in New York State. Information will be published in the four additional languages required by Executive Order 26.1 (Arabic, Italian, Polish, and Yiddish) by August 1, 2022.

PART 4 – Provision of Language Access Services

A. Determining the Need for Services

During *in person* encounters, our agency uses the following tools to determine whether an individual is LEP, and what their primary language is:

- “I Speak” posters or visual aids that provide information about free interpreting services in multiple languages
- Reception staff make those determinations based on training and experience
- Bilingual staff members, where available, assist in identifying LEP individual’s language
- Other (describe)

On *telephone calls*, our agency uses the following tools to find out if an individual is LEP, and what their primary language is:

- Reception staff make those determinations based on training and experience
- Bilingual staff members, where available, assist in identifying an LEP individual’s language
- Telephonic interpreting service
- Other (describe)

Our agency’s protocols for assessing whether an individual needs *oral interpreting services* in different service situations is as follows:

During office in-person encounters: DHCR’s front-line staff is trained to assess an individual’s need for oral interpreting services. The individual can also self-identify as LEP. Staff may use “I Speak” cards or language ID posters to determine their primary language. Bilingual staff members may also be called on to assist, as available and needed.

At initial contact in the field: DHCR staff is trained to assess an individual’s need for oral interpreting services. The individual can also self-identify as LEP. Staff may also use the “I Speak” card to determine the individual’s primary language.

When speaking on the telephone: LEP individuals contacting ORA or HCVP by telephone may proceed through the automated system with Spanish instructions. The “Rent Info Line” of ORA has also been updated to include a prompt for those users who require language interpreting services in other languages. With respect to non-Spanish speaking individuals, HCVP staff members determine whether such LEP individual needs interpreter services when staff are unable to understand what the individual is saying or asking. The individual can also self-identify as LEP. OIHMB’s staff make such determination for all LEP individuals’ calls.

For pre-planned appointments with LEP individuals: Staff reviews pertinent files or records of a person prior to the appointment. If not indicated in the file, staff may otherwise follow the same procedures used for in-person encounters.

Other (describe):

Our agency records and maintains documentation of each LEP individual’s language assistance needs as follows:

ORA uses stat sheets provided by its vendors. In addition, ORA’s administrative hearing files must include a record of an individual’s language assistance needs. HCVP maintains a record of each client’s LEP language assistance needs in their case file. OIHMB maintains records of any language assistance services provided in its “Complaint Hotline Log.”

B. Oral Interpreting Services

Our agency has made the following resources available for oral interpreting requests:

Bilingual staff members who work directly with LEP individuals

Number of staff and languages spoken:

Bilingual staff members who provide oral interpreting services on a volunteer basis

Number of staff and languages spoken: 12 staff members volunteer to speak one of the following languages: Cantonese, Haitian-Creole, Hindi, Mandarin, Russian, Spanish, Urdu, and Yoruba.

Telephonic interpreting service

Name of vendors: Any vendor under the NYS OGS Statewide Administrative Services Contract.

Contracts or other arrangements with school and community organizations

Number of staff and languages spoken:

Other (Describe)

Our agency protocols for informing LEP individuals that free interpreting services will be provided and that they do not need to provide their own interpreters is as follows:

During office in-person encounters: Staff may use “I Speak” cards or language ID posters to determine their primary language. Bilingual staff members may also be called on to assist, as available and needed. The “I Speak” cards and language ID posters specifically state that an interpreter will be provided free of charge and individuals are advised that they need not provide their own interpreter.

The “Rent Info Line” of ORA also includes a prompt for those users who require language interpreting services in other languages. With respect to non-Spanish speaking individuals, HCVP staff members determine whether such LEP individual needs interpreter services when staff are unable to understand what the individual is saying or asking. The individual can also self-identify as LEP. OIHMB’s staff make such determination for all LEP individuals’ calls. Telephonic interpreters are utilized to inform LEP individuals that language services are provided for free.

For pre-planned appointments with LEP individuals: Staff reviews pertinent files or records of a person prior to the appointment. If not indicated in the file, staff may otherwise follow the same procedures used for in-person encounters.

Other (describe):

Our agency’s protocols for obtaining interpreting services in a timely manner is as follows:

Once aware that a client needs language assistance, DHCR staff takes action to provide interpreting services either through the use of telephonic interpreting services or from bilingual colleagues as available and needed. Help from bilingual staff may be offered, depending on the purpose of an individual's contact with the agency, while always seeking to ensure that the client's right to DHCR's services is not infringed.

If an LEP individual insists on using a family member, friend, or other person as an interpreter, our protocols for deciding whether to accept or decline such an arrangement is as follows:

LEP individuals that come into contact with our agency will be informed of the availability of free interpreting services. Generally, an LEP individual may not use a family member, friend, or a minor as an interpreter. However, during emergencies an LEP individual will be permitted to use a minor, a family member or friend as an interpreter. Upon request, an LEP individual may also be permitted to use a minor, a family member or friend as an interpreter for routine matters, such as asking the location of the office, hours of operation or rescheduling an appointment. Where the interaction with the LEP individual occurs at the agency's office, and an individual is permitted to use an interpreter of his or her choosing, he or she must fill out a written consent/waiver form.

Where an LEP individual is engaged in official business with the agency, the agency will provide an independent interpreter at all times. An LEP individual will not be permitted to use an independent interpreter of his or her choosing when filling out applications or when involved in other legal matters.

Our agency provides information to all staff members who have contact with the public about how to obtain oral interpreting services. Our protocol in this regard is as follows:

Information regarding how to arrange for oral interpreting services is posted on HCR's internal website and is made part of training for all staff members that have contact with the public.

The agency's Language Access Coordinator ("LAC") maintains a list of oral interpreting resources that are available to staff. This resource list includes:

- Names and contact information for all resources
- Names and locations of staff members who are available to act as interpreters or provide services directly in an LEP individual's primary language
- Languages in which each interpreter or service is qualified
- Procedures for accessing each interpreter or service

Our agency records and maintains documentation of oral interpreting services provided to LEP individuals at each encounter. Our protocol in this regard is as follows:

ORA uses stat sheets provided by the interpreting services vendor. In addition, documentation is available in the files of each administrative hearing for ORA proceedings. OIHMB maintains records of language assistance services provided in its "Complaint Hotline Log." HCVP maintains a record of a client's language assistance needs in their case file.

Cultural Competence and Confidentiality

Our agency makes sure interpreters are culturally competent² in the following ways:

On a case-by-case basis, DHCR may use multilingual staff volunteers who are self-assessed in their own language competency. Where DHCR utilizes independent interpreting services, that vendor will implement quality assurance standards that guarantee that its interpreters are trained and are linguistically and culturally competent.

Our agency makes sure interpreters follow state and federal confidentiality protocols in the following ways:

The training provided to staff addresses the importance of confidentiality. Furthermore, independent interpreters will enforce standards of confidentiality in accordance with NYS law.

C. Translations of Documents

At least every two years after the effective date of this Plan, our agency determines and reassesses vital documents (including website content) that must be translated. This process is accomplished in the following ways:

DHCR's LAC and its Language Access Committee, in conjunction with our Office of Legal Affairs, conduct a periodic review and assessment of its list of vital documents. The process includes an assessment of (1) the frequency of requests for translations of any non-vital documents, as well as (2) any changes in laws, regulations or the demographic make-up of DHCR's clients which may require the translation of additional agency materials.

Our agency's process for making sure documents are written in plain language³ before they are translated into other languages is as follows:

DHCR strives to communicate with its clients through language that is as clear and concise as possible. DHCR's documents are prepared in accordance with the concepts set forth in NY Gen Obligations law §5-702, which requires the use of plain English so that the documents and notices can be easily understood by the public at large. Consistent with these concepts, DHCR staff is

instructed to use titles and headings that enable clients to quickly and easily identify the type of information that is being presented and, where applicable, sought from them. In addition, where appropriate, DHCR documents: (a) use bullet lists to recap main points or other important information on the page; (b) put the most important material first and the exceptions last; and (c) organize material chronologically.

Our agency has the following resources available for translation of documents:

- Contracts with vendors for translation services

Names of vendors/languages: LanguageLine Solutions, Inc. and potentially any vendor under the NYS OGS Statewide Administrative Services Contract.

- Contracts or other arrangements with schools and community organizations

Names of schools/organizations and languages:

- Translation of documents by bilingual staff members

- Other (describe)

The agency’s Language Access Coordinator (“LAC”) maintains a list of translation resources that are available to staff. This resource list includes:

- Names and contact information for all resources
- Names and locations of staff members who are available to provide translations of documents
- Languages in which each translation service is qualified
- Procedures for accessing each translation service

Our agency translates documents that LEP individuals submit in their primary languages in a timely manner. Our protocol in this regard is as follows:

Except in, for, and during administrative hearings or when related to matters that are not within DHCR’s jurisdiction because they are within a third party’s authority, documents submitted by LEP individuals in their primary language are transmitted promptly to our NYS OGS approved language services provider. They, in turn, translate and return the documents within three to five business days, depending on the size and complexity of the document.

The following non-exhaustive list of documents are currently translated by our agency in the languages indicated:

In compliance with Executive Order 26.1, our agency will complete translations of the below list of documents in the newly added top languages (Arabic, Italian, Polish, and Yiddish) by August 1, 2022.

- *AR: Arabic*
- *BE: Bengali*

New documents identified for translation after the signing of this Plan and before the 2-year reassessment will be translated in a timely manner.

The process for ensuring that translations are accurate and incorporate commonly used words is as follows:

The DHCR, through its vendor (where applicable), will ensure that proofing/editing for correctness and cultural sensitivity are a component of the translation services provided by any vendor under contract as part of the publication process. The DHCR will also ensure that plain language is used in materials produced before translation to ensure information is accessible to a range of literacy levels.

PART 5 – Staff Training

The person in the agency who is responsible for training staff in language access services is: DHCR's Director of the Office of Training and Professional Development ("OTPD")

The staff training includes the following components:

- The agency’s legal obligations to provide language access services
- The agency’s resources for providing language access services
- How to access and work with interpreters
- Cultural competence and cultural sensitivity
- How to obtain translation services
- Maintaining records of language access services provided to LEP individuals

The methods and frequency of training are as follows:

Staff is trained via in-person and through on-line seminars and workshops and provided with written materials. The Governor’s Office of Employee Relations provides the mandatory language access training annually for designated supervisors and front-line staff. New staff must complete on-line training within 60 days of their start date.

PART 6 – Monitoring the Plan and Responding to Complaints

A. Monitoring

Our agency’s Language Access Coordinator (“LAC”) will monitor implementation of the Plan to make sure we are in compliance. Our protocols in this regard are as follows:

DHCR's Language Access Coordinator meets, on an as needed basis, with key staff from each of the relevant agency offices to assess Plan compliance, identify and address any problem areas and consider methods for increasing compliance. The LAC also reviews all written complaints concerning the agency's provision of language assistance services. In addition, the LAC meets with individual staff, including the director of OTPD, to monitor the progress of any Language Access initiatives.

B. Complaints

We provide information to the public in at least the top ten most commonly spoken non-English languages in the state, advising members of the public of their right to file a complaint if they feel that they have not been provided adequate language access services or have been denied access to services because of their limited English proficiency. We do

not retaliate or take other adverse action because an individual has filed a language access complaint.

We display information on the right to file a complaint, and the procedures for filing a complaint, in the following manner:

All relevant DHCR programs post notices identifying the right to file such a complaint form in all reception areas of their offices, including ORA's Borough Rent Offices. Complaint forms and a binder containing the procedures to file such a complaint are kept in each of these reception areas.

The standardized complaint forms are available in all ten languages in our public offices upon request. The complaint forms are also available for download or online submission through our website.

We handle complaints made to the agency regarding the provision of language assistance services in the following manner:

All complaints regarding the DHCR's provision of language assistance services are referred to the agency's LAC. Where appropriate, the LAC may (1) ask a DHCR language access committee member from the relevant program area to investigate the complaint, and/or (2) notify the supervisor of the relevant program area about the complaint. The LAC or their designee must promptly acknowledge receipt of the complaint, in writing, and inform the complainant of the estimated timeframe for resolution of their complaint (subject to the agency's receipt of any necessary information from the complainant).

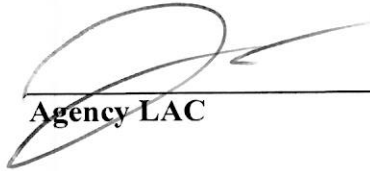

All complaints must be timely forwarded to the Statewide Language Access Coordinator.
